

Grand Boxing Event

A grand boxing carnival will be given in the St. Johns rink next Thursday evening, Feb. 24th, under the auspices of the Firemen's Athletic club. The principal event will be a nine-round contest between Prof. Frank Ely of St. Johns and John Turner of San Francisco. Both have good records in fistic circles, and the bout promises to be more than

PROF. FRANK ELY

interesting. Several good preliminaries will be put on the boards. Wynn Manning of the Firemen's Athletic club and Jimmy Grant of the Linton Athletic club will come to blows for a four-round set. Ed Peterson of the Firemen's Athletic club, and Art Vandolan of Linton A. C. will also engage in a four-round match. One of the most amusing features of the event will be a couple of 6-year old twins, sons of a local sport, who will engage in a little fistic exhibition. They bid fair to out-throw the famous Sullivan twins—Mike and Jack. The affair will be one of the best ever pulled off in St. Johns, and if you have any sporting blood whatever in your anatomy, you cannot afford to miss it. Admission 50 cents; preliminaries begin at 8:15 sharp.

A Common Cold.

We claim that if catching cold could be avoided some of the most dangerous and fatal diseases would never be heard of. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria and scarlet fever, four of the most dangerous and fatal diseases, are of this class. The culture bed formed by the cold favors the development of the germs of these diseases, that would not otherwise find lodgment. There is little danger, however, of any of these diseases being contracted when a good expectorant cough medicine like Chamberlain's Cough Remedy is used. It cleans out these culture beds that favor the development of the germs of these diseases. That is why this remedy has proved so universally successful in preventing pneumonia. It not only cures your cold quickly, but minimizes the risk of contracting these dangerous diseases. For sale by all good druggists.

The piece is 100x600 feet, lays fine and almost level. Lots across the street from it are selling at \$350 upward. If this piece was cut into lots \$3000 could easily be realized, and then the lots would be much cheaper than any can be bought for in that neighborhood. In five years \$5000 would not be an exorbitant price. IF TAKEN AT ONCE \$1800 BUYS IT—\$500 down; \$500 in six months and the balance at \$10 per month—or, \$1500 cash will secure it. If the money was not badly needed \$3000 cash would not take it. For further information see
